NEWSLETTER

APRIL 2025

Dear Neighbours,

Welcome to our regular update on the 2 Aldermanbury development from Lendlease. This regular newsletter will keep you up to date with the progress we have made, what we will be working on in the coming months, community events you can get involved with and how to get in touch.

Construction Update

Structural steel including all the roof top plant steels have been installed. Roof top pipework modules & air handling units are being delivered. Waterproofing finishes to the roof are progressing well. Cladding panels are now at Lv12, corners are up to Lv10 & balconies are ongoing.

We had a great result with our last Considerate Constructors Scheme visit & scored 45 out of 45, and look forward to the City of London judges for the “Chairman’s award”, the best project in the City of London.

Showers and changing facilities in basement 1 are now being tiled which sees a daily change in progress.

Looking ahead in April, cladding will be up to the roof and we start to fit out the main reception space. We will be changing our site entrance onto Basinghall Street and moving our welfare into the new building. This will allow the demolition of the old welfare facility which will ultimately form the developments retail units.

Working Hours

General working hours during this time will be:

Monday – Friday: 8am – 6pm

Saturday: 9am – 2pm
