

2 Aldermanbury Square

Lendlease

NEWSLETTER

MARCH 2025

Dear Neighbours,

Welcome to our regular update on the 2 Aldermanbury development from Lendlease. This regular newsletter will keep you up to date with the progress we have made, what we will be working on in the coming months, community events you can get involved with and how to get in touch.

Construction Update

We have carried out our topping out ceremony last week, where we closed the project early and invited 240 dignitaries to come together to celebrate reaching the highest point of the project. This was held on Lv12 terrace.

Cladding has already reached Lv9 & we are starting to take deliveries for Lv10. Our goods lifts have started their construction phase, which will see the removal of the external hoists once they are complete.

We had a great result with our last Considerate Constructors Scheme visit & scored 45 out of 45, and look forward to the City of London judges for the "Chairman's award", the best project in the City of London.

All concrete floors have been poured. Our hoist on the South elevation has been installed up to Lv12 & on the East is being erected up to Lv12. All raking columns have been poured & the concrete pump has been removed from site.

Looking ahead in March we will be completing our feature staircase which runs from B1 to Lv1 & fitting out our new showers and changing facilities in B1.
